## Berhampore Girls’ College

## Report on Feedback received from Teachers, Alumni, and Students on curriculum

## Academic Year: 2021-22

Feedbacks from students, teachers and alumni of the College were taken by IQAC through online Google Form on the syllabus (framed by the respective Board of Studies of the Affiliating University) and its transaction at the institution. The link of the Google Form was distributed by the Departmental Heads to the UG sixth semester students. From UG Hons., 651 students participated from different departments (English-136, Bengali-129, Geography-20, Environmental Science-19, Physiology-34, Botany-25, Zoology-22, Mathematics-20, Chemistry26, Physics-38, Economics-9, Sociology-18, Political Science-42, Philosophy-30, History-43, and Sanskrit-40). Responses from 454 students of UG Programme course were collected through Google Form (BA-435, BSc Bio-18, BSc Pure-1). Fourth semester PG students were chosen for feedback participation and 218 students responded (Bengali-143, History-38, English-37). Alumni participation was ensured by the Departmental Heads as links were distributed through WhatsApp groups. Out of 88 responses from the Alumni, 43 students of PG and 45 students of UG submitted their feedback responses. Teachers received their feedback link from IQAC at their Google Workspace email accounts and 94 of them provided their feedback.

Collected Feedbacks were sorted out department wise and auto-generated Pie chart analysis of the feedback was initially done by Google Form. For clarity of analysis of such huge data, majority voice in choice of answers is accomplished in a matrix form in which the presence of numerals ' 1 ' represents the choice of majority in option-1, ' 2 ' represents option- 2 and similarly ' 3 ' represents option-3. In case of tie, numerals ' 1,2 ' (or similar other numerals) represent that equal majority has opted for option-1 and option-2.

On Question No. 1 (Syllabus/course curriculum based on the current needs of the students), Teachers of the Department of Economics opted for option 3. On Question No. 2 (Curriculum based orientation program/seminar/workshop/field trip/project work/assignment enrich student's knowledge), Dept. of Computer Science opted option 3. On Question No. 4, (course curriculum sufficient to generate employability skill among the students), Dept. of Zoology opted option 3. Bengali, Botany, Computer Science, Economics, English, Environmental Science, Political Science, Sanskrit, and Zoology departments have opted option-3 for question 5 (current syllabus is sufficient to develop industry-academia linkage). Question 6 related to the ICT facilities availability in the College for teaching learning process, Sanskrit and Sociology departments have opted option-3. On Question-9 (regular meeting for effective implementation of course curriculum) and Question-10 (departmental needs catered by the College) Teachers of Computer Science Department opted for option-3.

Overall, most of the departments have opted option-1 and option-2 to the questions related to curriculum and the facilities extended by the College. Mixed responses are also found on some questions from some departments. Departments who have opted for option-3 and option-4 for questions $1-5$ could take up the matter with their respective UG Board of studies. Departments may also introduce value added/add on courses for curriculum enrichment. For questions 6-10, wherever departments have opted option-3 and option-4, their problems should be addressed by the College authorities.

Feedback was taken from the students of UG $6{ }^{\text {th }}$ Semesterand PG $4^{\text {th }}$ Semester (Final year students). Responses from the students of 16 UG departments were obtained and analyzed. No response from the students of Computer Science and Physical Education was obtained.In general, students have positively opted for option-1 and option-2. Wherever they have opted for
option-3, it was taken into consideration for further analysis. Feedback from students of UG Hons. Course: Students of Botany, Environmental Science and Philosophy opted for option-3 for Question No. 2 (allocation of hours and credits). Students of Botany and Philosophy opted for option 3 for Question No. 3 (Concepts and skills depicted in the Course Curriculum are commendable). For Question No. 5 (curriculum sufficient to bridge the gap between academic and employment opportunities), students of Environmental Science, Philosophy and Zoology opted for option 3. For Question No. 7 (Academic flexibility in terms of choosing Electives as offered by the college is intimately related to the technological/ academic advancements), Question No. 8 (Faculty initiatives sufficient for the implementation of Course Curriculum)and 10 (adequacy of Library materials and teaching learning resources offered by the College), students of Mathematics department opted for option 3. Departmental Heads of the above departments, where students have opted for option-3, should discuss with their students, members of the departmental committee and with the college authorities and wherever applicable should inform their respective Board of Studies to take appropriate measures.

Feedback from students of UG Programme Course: Satisfactory responsesreceived from the majority students of UG Programme courses as the students opted for option 1 or 2 in most cases. The students of B.Sc. Programme with Bio Science combination (Botany, Physiology and Zoology) opted for option 3 for Question No. 7 (Academic flexibility in terms of choosing Electives as offered by the college is intimately related to the technological/ academic advancements). The students of B.Sc. Programme with Pure Science combination (Chemistry, Mathematics and Physics) opted for option 4 for Question No. 1 (Curriculum framed by the university relevant to the course and year of study). Departmental Heads of the respective departments, where students have opted for option-3 or 4, should discuss with their students, members of the departmental committee and with the college authorities and wherever applicable should inform their respective Board of Studies to take appropriate measures.

Feedback from students of PG Course: Students from the three PG courses have all opted for either option-1 or option-2 and the feedback was found satisfactory.
